

Century 21

CASE STUDY

About Century 21

Century 21 is one of South Africa's fastest-growing real estate brands, with new franchises regularly joining its nationwide network.

The Challenge

Century 21's previous email system struggled with scalability and spam, hampering franchise operations and increasing costs.

The Solution

SYNAQ's Cloud Mail enabled Century 21 to manage their email accounts with ease, providing essential features like virus protection, unlimited archiving, and seamless scalability.

The Outcome

With no more spam and reduced operational costs, Century 21 can focus on expanding their network, confident in SYNAQ's reliable cloud infrastructure and branding tools.
